# *Labelino x-3* tabletop front-back labelling system

Front & Back labels automatically applied to round containers

The Labelino X-3 tabletop labeller is designed as an off or on-line system for automatically applying self-adhesive labels to the front & back of round containers such as bottles, jars & cans.

It is quick, easy and safe to operate, automatically applying wrap-round labels accurately and efficiently to front & back of products such as wine & beer bottles.

Minimum capital outlay. High quality applicator/conveyor for consistent label placement.
